

What Makes Adlumin Different?

We won't let your organization get caught in the dark.

Adlumin provides the premier command center for security operations. We stop advanced cyber threats, eliminate vulnerabilities, and take command of sprawling IT Operations with Adlumin's Security Operations Platform. You can manage Adlumin Extended Detection and Response (XDR) yourself, through a trusted Partner, or engage the Adlumin Manage Detection and Response (MDR) team to protect your business 24x7.

Adlumin offers world-class analytics, compliance reporting, automation and remediation tools, integrated threat intelligence, 24x7 search for leaked accounts on the Darknet, on-demand customer support, implementation in 90 minutes, and more.

Adlumin is a cost effective and attainable solution for small, medium, or large organizations. Customers can monitor and defend their networks locally, in the cloud, and across the globe.

- 1000+ Customers
- 300B Assets Analyzed per Month
- \$1T Assets Protected
- 90min to implement
- 30sec to triage
- 15min to remediate

Illuminate Threats, Eliminate Risks, and Command Authority with Adlumin.
